

About the Project

Welcome to the SW West Hills Road Corridor Plan Open House!

SW West Hills Road, from 53rd Street to SW Western Boulevard, is currently owned and operated by Benton County but is anticipated to be transferred to the City of Corvallis at some undetermined point in the future.

Once the road is under city control, there is a need to consider urban road improvements, such as curb and gutter, sidewalks, and bicycle investments.

We are asking for feedback on a number of items:

- 1. Two separate corridor concepts for SW West Hills Road (see roll plot)**
- 2. A potential roundabout at the SW West Hills Road/SW Western Boulevard intersection**
- 3. Additional design elements that could be incorporated at specific locations along the corridor**

Forms are available for you to provide feedback on the corridor concepts or other elements to the project team.

Thank you for your interest in this project and for providing us with valuable feedback!

Potential Design Treatments for the SW West Hills Road Corridor

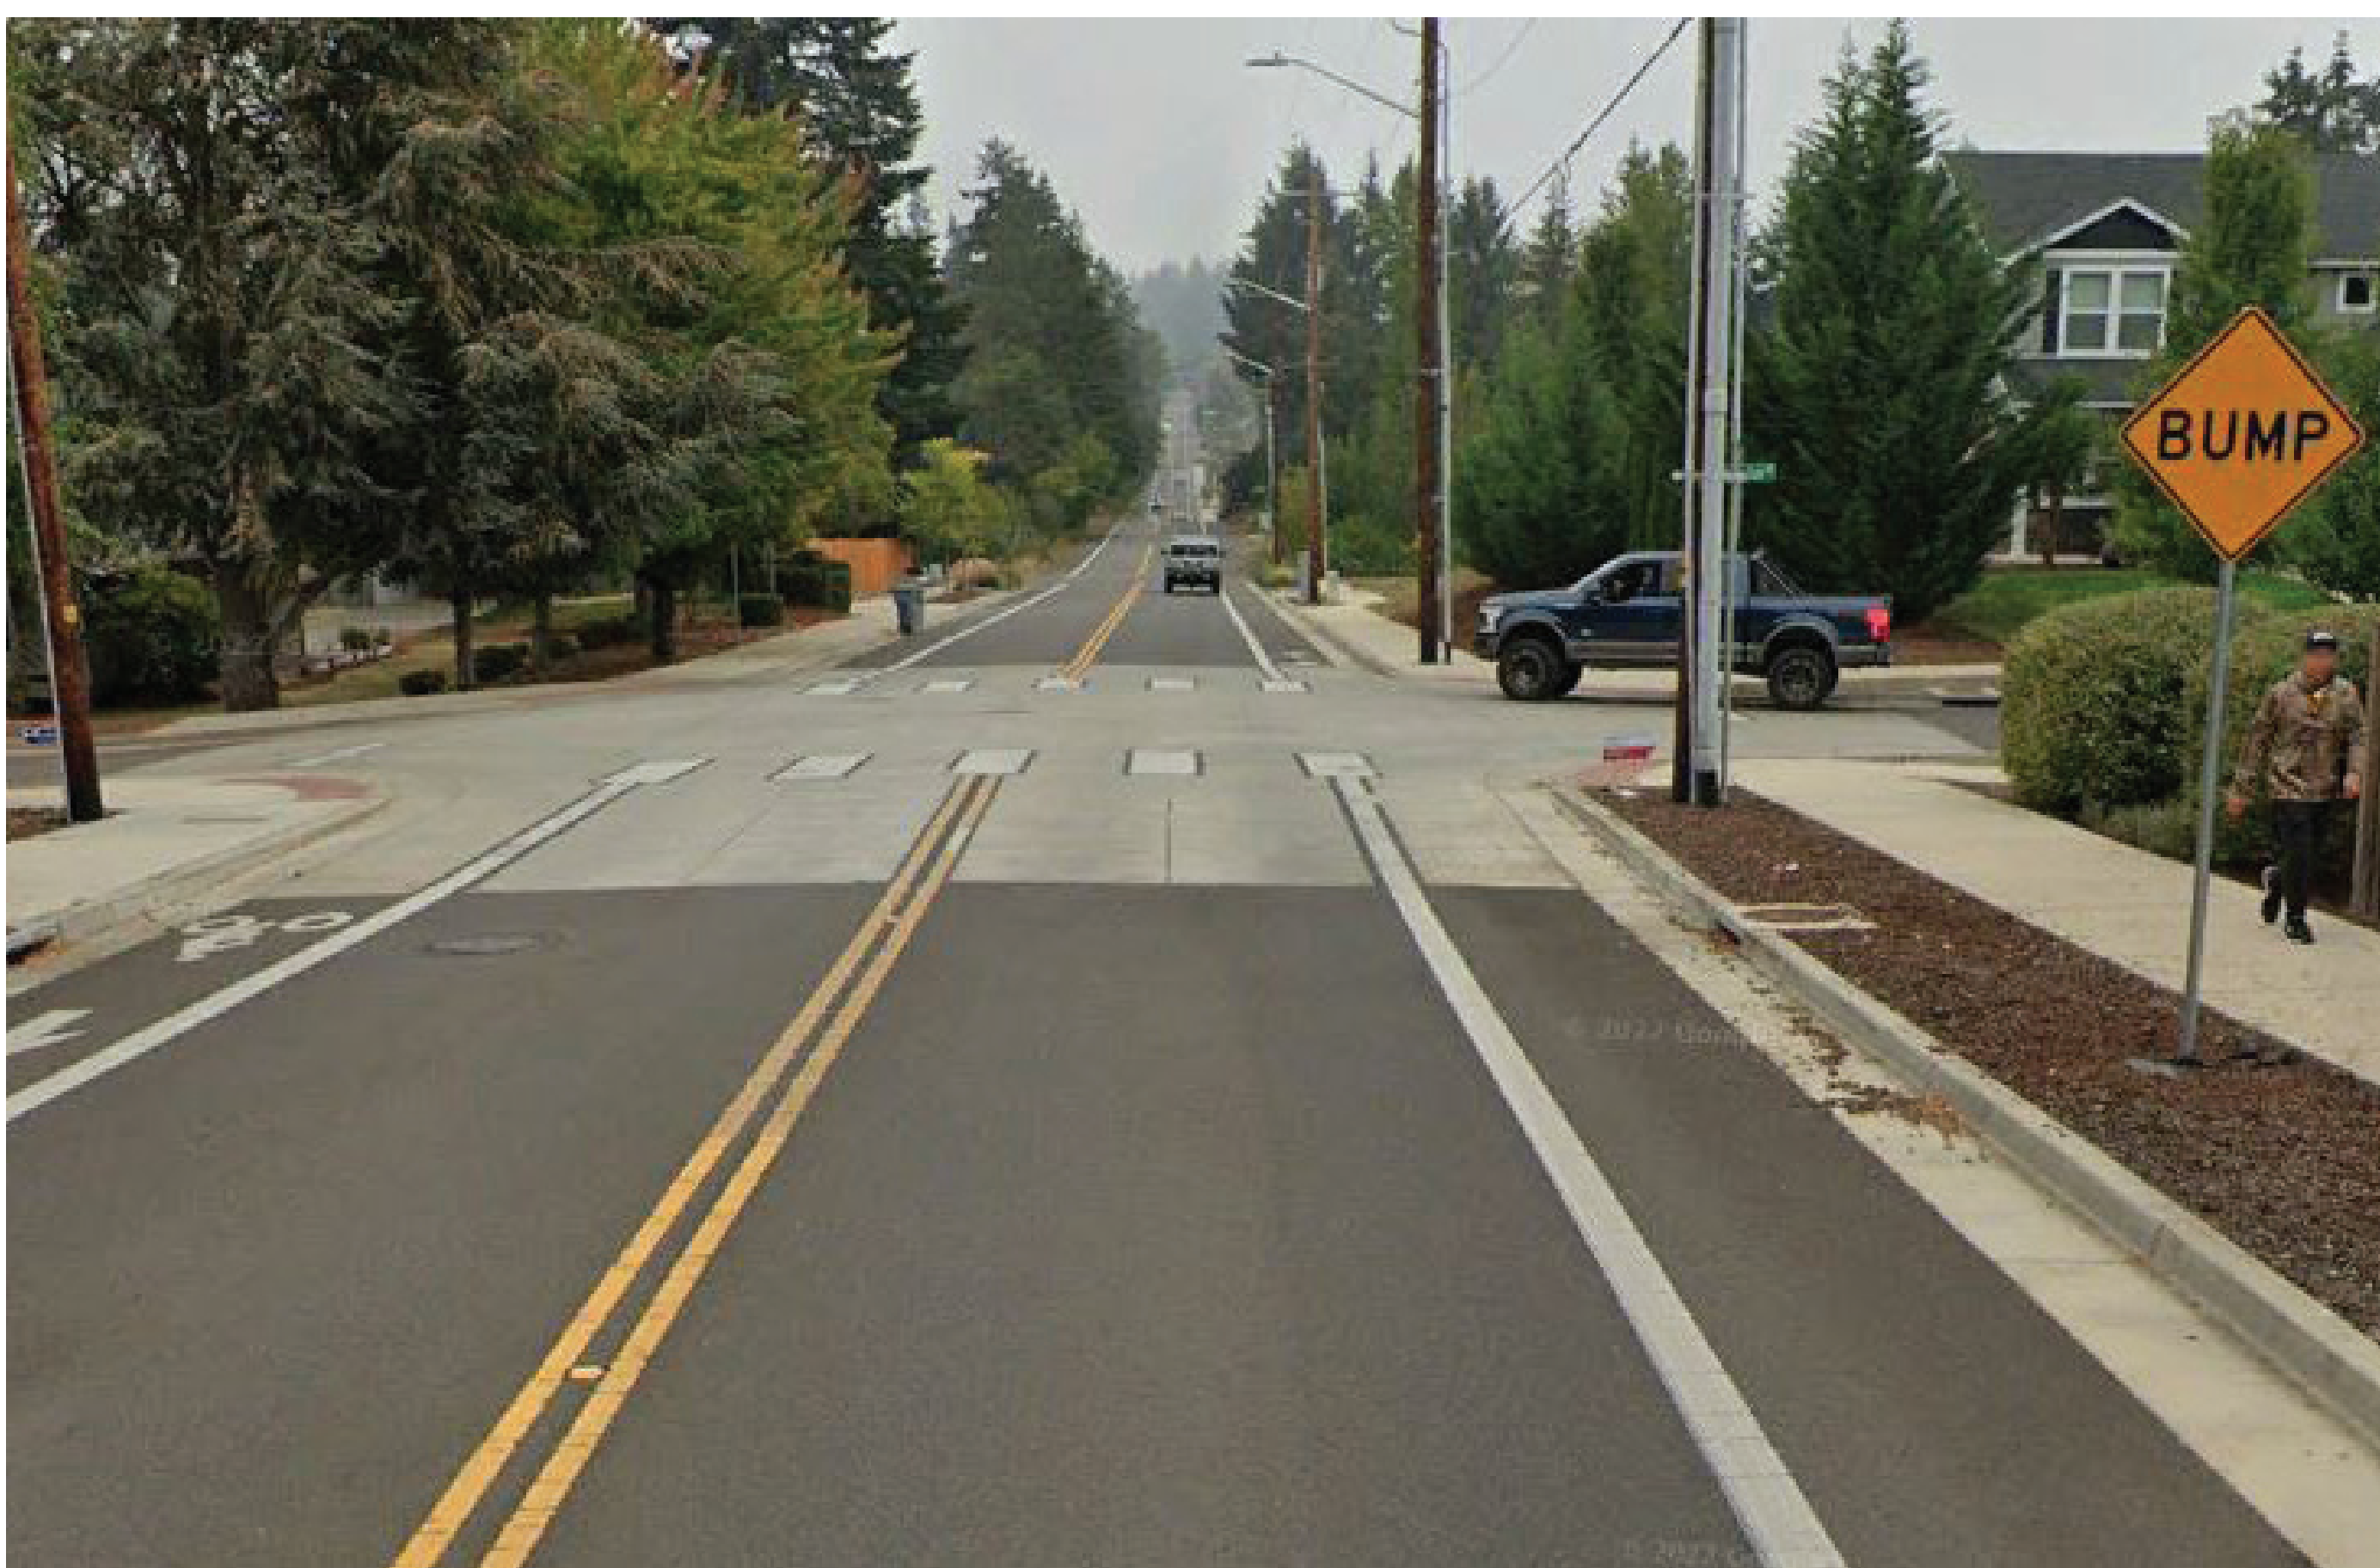

Midblock Crossing with Refuge Island

Sidewalk Buffer For Mailboxes And Garbage Cans

Partially Raised Intersection (Tabletop Intersection)

Lane Curvature With Raised Median
