Benton County recognizes that numerous organizations in the County sponsor events which involve the use of public rights of way. It is the desire of the County to accommodate and cooperate with these organizations, so that such events may be conducted in a manner which is satisfying to the sponsors and participants yet does not substantially inconvenience or endanger the citizens of Benton County.

Sponsors are encouraged to submit applications no later than three (3) weeks prior to an event, and to refrain from printing forms, flyers, or engaging advertising and publicity until the event route and details are approved by the County.

All applicants must be at least 21 years of age and must sign the "waiver". If an applicant refuses to sign, the permit will be denied without further consideration, and the applicant will be informed of the denial by the Benton County Public Works Department representative.

REGULATIONS

The County will designate the levels of traffic control needed. When only minimum control is needed, the sponsor will be required to furnish responsible persons to place and remove the event signage. When <u>maximum control</u> is needed, the sponsor may be required to furnish Certified Flaggers or contract with local Law Enforcement. When <u>maximum control</u> is required, a traffic control plan and certificate of insurance, naming Benton County as additional insured will be required.

When traffic control devices are required, the sponsor or sponsor's representative must make the necessary arrangements so that the signs, barricades, etc., will be available to the sponsor at least one day before the event. If parking is to be restricted, signs shall be in place 48 hours in advance of the event. The sponsor will be responsible for obtaining all traffic control devices, placing them according to the approved plan, removal of all devices after the event, and route cleanup.

The County Public Works Department has a limited supply of Event signage, cones or barricades that may be available for the event sponsor/organization. The sponsor/organization may also obtain traffic control devices through local rental agencies. **Benton County strongly encourages event organizers to require participants to wear Hi-Visibility clothing during the event.**

ORS 811.550 is violated if a person parks, stops or leaves standing a vehicle on a shoulder, whether attended or unattended, unless a clear and unobstructed width of the roadway opposite the standing vehicle is left for passage of other vehicles.
