Dear Residents,

Subject: Dust control program & application

The Benton County Public Works Department has contracted one distributor to deliver dust control for Benton County residents on County and public roadways this year. Rates are by the lineal foot of application (minimum 150 LF).

Nutrien Ag Solutions will be applying **Lignin**.

- up to 12 feet wide - \$1.86/lineal foot
- 16 feet wide - \$2.48/lineal foot

The application is scheduled for late-May through the end of July; however, **all work is weather permitting**. Dust control may be applied in one full-shot application or in two separate half-shot applications. The duration between half shots will vary but will typically be approximately two weeks.

Any individual interested in dust control services and residing on a County or public road should complete the application (see back of this letter) and return it with payment to our office:

Benton County Public Works, 360 SW Avery Avenue, Corvallis, OR 97333 by 5:00 pm, Friday, May 1st or email your application to lisa.silbernagel@bentoncountyor.gov and follow up with a call to 541-766-6012 to make payment with your debit or credit card. After we get your application and payment, a receipt and flags will be mailed to you.

If the application deadline (**Friday, May 1st**) has passed or you would rather contract with one of the vendors directly, we have provided a list of approved vendors. Please note you may be charged at a retail rate. For an up-to-date list of approved contractors please see our web page (all approved County vendors are required to have filed a public right of way permit).

- **Nutrien Ag Solutions (Lignin) 1-541-928-1274**

Please call 541-766-6821 or go to <https://pw.bentoncountyor.gov/dust-control/> for more product details and to download additional applications.
